RE: MSC Container Number: MEDU 258248-0

Dear Olexandr,

Charitable Medical Distributors is proud to work with Blago - Svet by providing and donating one twenty foot sea container, for Ukraine, with 10 full pallets of new, first quality medical supplies. This shipment has a wholesale commercial value of \$118,380 U.S.D..

These medical supplies are to be administered by Blago - Svet, or any relief, mission, or development agencies working with Blago - Svet, or their designated partners in Ukraine. The contents may be distributed directly to the needy, used in economic development programs, or monetized to raise capital for economic development and/or relief programs. The donation value of \$118,380 U.S.D., does not involve any commercial payments to Charitable Medical Distributors; although a minimal handling fee may have been paid for expense purposes.

In accepting these terms, Blago - Svet is hereby given permission to administer this cargo in the manner that it finds to be the most beneficial to the poor and needy peoples served by its mission, aid, and/or development programs. This includes the sharing and transfer of the cargo to other relief and development agencies, as Blago - Svet deems appropriate.

It is truly a pleasure to work with Blago - Svet; please do not hesitate to contact us should you need any kind of assistance whatsoever.

Sincerely,

David H. Squires, Director
